The new 70 Motor Yacht has a lot of expectations to live up to. The Hatteras cruising fleet represents the culmination of a half-century of unparalleled construction, pacesetting performance, and uncompromising commitment to quality and innovation. It should come as no surprise that the latest addition to the family successfully meets the high standards of its lineage while also making the recording more luxurious and rewarding for its owners. This is how Hatteras continues to shape the yachting industry.

Along with updated exterior styling in keeping with the premium Hatteras design pedigree, the 70MY incorporates a number of standout features to enhance cruising comfort and convenience. Wide, walk-around side decks ease in the handling of lines and make short work of getting forward to the port-side lounge, which includes cushioned bench seating and a table. Alfresco entertaining is the order of the day on the big, open, Mediterranean-style flybridge with multiple seating and sunning spaces.

Inside, the 70MY abounds with its expansive deckhouse salon and galley arrangement, surrounded by panoramic windows for views spanning nearly 360 degrees. A gorgeous, full-beam master stateroom with inviting seating area pampers owners below. Elegant, designer-inspired settings await visitors in the twin side-by-side guest staterooms. Simply put, the 70MY is a world-class design like no other — helping Hatteras and Hatteras owners live up to their expectations and then some.
Specifications

- **Length Overall**: 73’ 4" (22.35 meters)
- **Waterline Length**: 65’ 0" (19.81 meters)
- **Beam**: 20’ 2" (5.14 meters)
- **Draft**: 5’ 4" (1.62 meters)
- **Freshwater Capacity**: 300 gallons (1,135 liters)
- **Diesel Generators (2)**: 28.8 BHP (21.5 kw)
- **Twin CAT C32A Diesel Engines**: 1,600 BHP (1,193.1 kw)
- **Fuel Capacity**: 2,200 gallons (8,328 liters)
- **Holding Capacity**: 330 gallons (1,249 liters)
- **Weight Displacement**: 160,000 lbs (72,574 kilos)

- **Height Above Waterline to**:
  - **Top of Flybridge Windshield**: 17’ 9" (5.41 meters)
  - **Top of Arch**: 21’ 6" (6.60 meters)

Engine Options

- **Twin CAT C32A Diesel Engines**: 1,800 BHP (1,342.2 kw)
- **Twin CAT C32A Diesel Engines**: 1,900 BHP (1,416.8 kw)
